Cee® X-Pro II Workstation

Cost Effective Equipment

Capturing Evolution In One Machine

The Cee® X-Pro II workstation creates its own mini-environment that houses your customized solution all in one place. The workstation is completely customizable and can accommodate any process.

Serving the Semiconductor Industry Since 1987

The Cee® X-Pro II mini-environment offers versatility in combination with our Cee® benchtop equipment offerings. This package will decrease the complexity of installation with a "plug-and-play" setup and provide value to the customer through a "one-stop-shop" solution.
